MAYSVILLE BOY, REGIMENT MASCOT, REPORTED MISSING

Harlan Hale, Maysville Boy Who Has Had Various Experiences in the Army, Went to Europe in Barracks Bag—Is Missing at Camp.

The Louisville Courier-Journal this morning said:

"Gone from the camp."
"This was the answer which yesterday greeted inquiries for Harlan E. Hale, 17 years old, mascot of Troop E, 48th United States Cavalry, veteran of eighteen months overseas. Hale, who is four feet tall, boarded a transport in a barracks bag and fought in several battles. Hale was at the camp Monday.

Inquiries at all point of Camp Zachary Taylor yesterday failed to reveal his whereabouts. He was not seen in Louisville nor had anyone at his home in Maysville, Ky., heard from him."

This last experience of Hale who is better known in Maysville as "Sammy" was unknown here. It will be remembered that he left here with the Second Kentucky recruiting party which camped at the Court House for several days and went with them to a Southern camp but when it came time for the squad to go overseas, he was sent back to Maysville. He worked about the tobacco warehouses in the East end for some time this past winter but from the above clipping it appears that he joined a company of Cavalry men and stole his way overseas by hiding in a barracks bag.

This telegram credits him with having fought in several battles but this part of the story is discredited here as he was in Maysville the most of the winter. He might have joined another company of soldiers within the past few months but his trip to France and his fighting is generally discredited here.

MAYSVILLE GIRLS IN UNIVERSITY PLAY

"The Strollers," the dramatic organization of Kentucky University, will give an entertainment at the Lexington Opera House on Saturday which is called, "Under Cover." Misses Carlisle Chenault and Margaret Smith of this city, will take leading parts.

LIFE TREATED AS A SEA FULL OF ROCKS AND SHOALS

"Whither Bound?" Was the Sailor's Question Propounded By Pastor Bailey at First Baptist Church Tuesday Evening.

Comparing life to a sea full of snares, Dr. B. B. Bailey, pastor of the First Baptist church, delivered a wonderful evangelistic sermon Tuesday evening to a very large audience. Although the evening was disagreeable and despite the many other attractions to draw the people, the church was comfortably filled.

The subject of the sermon was "A Sailor's Question" and this question was "Whither Bound?" The sermon was full of the strongest kind of argument and the speaker's oratory was beautiful. He urged upon his hearers to accept the Bible as their chart and compass on their voyage of life and to get aboard the old ship of Zion mastered by the Lord Jesus.

The chorus choir under the direction of Mr. Carl Dodds, was in fine condition. The choir is showing improvement every evening and is now singing some very beautiful special numbers.

The services will be continued throughout the week song service beginning promptly at 7:30 o'clock and preaching at 8. The public is cordially invited to attend every evening possible. The subject for this evening will be "Where God Breaks Through In the Universe or the Things That Make or Mar Humanity."

REGULAR MONTHLY MEETING OF CITY COUNCIL

Next Monday is regular monthly meeting day for the City Council and at this meeting there will be much important business to be transacted by the members of council. It is expected that matter of changing the past sales ordinance will again be brought up before the entire council.

ABERDEEN BAPTISTS AT- TEND LOCAL REVIVAL

A delegation of Aberdeen Baptists attended the revival at the First Baptist church here Tuesday evening and it is expected that they will attend the meeting other evenings throughout the week.

Mr. and Mrs. H. S. Howland of East Second street, left Saturday for Philadelphia, where Mrs. Howland will spend the summer with relatives.

FILTERING PLANT FORMAYSVILLE RE- COMMENDED BY JURY

Mason County Grand Jury Returns Indictments Against Carnival and Discusses City Water Question at Length.

The Mason County Grand Jury which has been in session for several days adjourned this afternoon after making a long report on the city water situation recommending the installation of a filtering plant and returning ten indictments, five of which were kept secret until arrests are made.

The indictments were returned as follows:

Emma Wilson—Grand larceny.
Archie Rigdon and Walter Craig—train wrecking.

K. G. Barkoot—operating gambling machines and devices.

K. G. Barkoot—permitting the operation of gambling machines and devices in property under his control.

A. W. Roland—deserting infant children.

There were five secret indictments which the jury did not desire published until arrests are made. The indictments are for bootlegging, it was learned.

The Grand Jury report which was quite lengthy dwelt almost exclusively on the city's water situation. The report in full says:

"To the Hon. C. D. Newell, Judge of the Mason Circuit Court:

"The Grand Jury for the March term of Mason Circuit Court reports that they have been in session six days and have examined about 50 witnesses and have returned 27 indictments. They have examined the public buildings and find them in good condition and well kept. They find the general condition of morals and conduct in Mason county good. The thing most needing to be called to the public's attention, however, is the general sanitary situation in the City of Maysville.

"The jury has made careful examination of this matter and finds the entire sewerage system inefficient, especially in the East End. They are advised that private vaults in many instances are not connected with sewers and no sewers are available.

"The water supply for the city of Maysville is bad, in times of high water and worse when the water is clear. The chloride plant has been ineffectively operated and at times not operated at all. The river at the point of intake is very impure, owing to the fact that for a mile above it, public and private sewers empty into the river and just outside the city limits, a creek carrying the sewerage from numerous residences empties in. The effect of the chloride when properly applied is to furnish the city of Maysville with water in which the sewerage germs are merely dead instead of alive. If the intake was further out in the river it would help the trouble but not cure it. A good sewer in the East end of Maysville and the prohibiting of all sewerage into the river would be some help but finally it is the judgment of this body that only an up-to-date filter plant will give Maysville water fit to drink.

"If the Water Company is in condition to do this they should do so or suffer the penalty. If they are not, the citizens of Maysville should at once take steps to provide against the existing danger.

"Incidentally the Grand Jury is advised that there are now about 20 cases of typhoid fever in the city of Maysville and none outside in the county, whether this is traceable direct to the water, they do not know, however the jury desires to urge upon the City of Maysville and the Water Company, prompt and effective action to avoid the existing danger.

"A toilet on the second floor of the Court House is very much needed.
"All of which is respectfully reported.

L. H. YOUNG, Foreman."

NOTICE OWNERS AND OPERATORS OF MO- TO VEHICLES

Owing to the parade Thursday, May 1, you are requested not to park your machines on SECOND STREET, between SUTTON AND Limestone STREETS, and on the Esplanade (Market Street) between SECOND AND THIRD STREETS.

HARRY A. ORT,
Chief of Police.

BIG ADVERTISING DRIVE FOR MAY COURT DAY

The Stock Sales Division of the Chamber of Commerce is making a special effort to have a large number of people in Maysville on next Monday, May Court and Stock Sales Day. A very special effort is being made to have a large sale of stock and it is expected that there will be a great crowd of people here for the day.

SCHOOL CENSUS MEANS NEAT SUM FOR CITY SCHOOLS

Taking of School Census This Year Means a Saving of \$696.96 to the Schools of Maysville—Tabulation Shows Gain of 21 Over Last Year.

Although this was not the regular year for the Maysville school officials to take the school census of the city, they elected to do so expecting that the outcome of the census would show that Maysville had more children of school age than the estimate by the State School authorities gave us.

Superintendent Caplinger today announced that the census just completed shows that Maysville has 132 more children of school age than the estimated figures of the State School authorities gave us. Basing their figures on previous census figures, which had shown a loss for the past several years, the state authorities had estimated the number of school children in Maysville at 1099 but the figures just tabulated today show that there are really 1231 children on school age in Maysville. These figures show a net gain of 21 children over last year. The comparison with year's census by wards follows:

Ward	Gain	Loss
First	4	4
Second	6	6
Third	14	14
Fourth	9	9
Fifth	4	4
Sixth	13	13
C lored	9	9
Total	40	19

Net gain 21
The gain in the entire city over last year is divided as follows: Male 15, Female 6.

The state allows the city \$5.28 per year for each student and as the census shows a gain of 132 children over the state's estimate, the census this year has saved the schools of the city of Maysville \$696.96 which they will receive from the state but which they would not have received had the state's estimate been allowed to stand. Prof. Caplinger is to be congratulated upon insisting upon a census for this year.

JOY RIDERS STEAL AUTO AND DESERT IT

The Ford automobile found this morning near the Home Warehouse where it had been deserted sometime during the night proved to be the property of Mr. Louis Foster, traveling salesman, who on Tuesday night had left it parked in front of the carnival grounds. Some one had taken the machine for a joy ride and had deserted it. The machine was uninjured.

JURIES FOR NEXT TERM OF COURT SELECTED

The grand and petit juries for the next term of the Mason Circuit Court were drawn in open court this morning. The names were sealed and delivered to the Clerk of the Circuit Court to be opened at the proper time.

LAUGHLIN-FURY

Miss Alice Laughlin, of the county, and Mr. Martin Fury, former local citizen now a resident of San Francisco, Calif., were married at St. Patrick's church this morning at 8 o'clock by the pastor, Rev. P. M. Jones.

BABY BREEZE

Mr. and Mrs. Arven F. Breeze are rejoicing over the arrival of a fine 9 pound boy at their home Tuesday. Mother and babe are doing fine.

THREE ADDITIONAL PRECINCTS REPORTED OVER TOP IN DRIVE

Plumville, Washington and German-town Victory Loan Committee Report Their Quotas Reached and Chairmen Are Awarded Helmets.

Three more Mason county precincts were reported as having sold Victory Notes to an amount more than the quota apportioned them by the County Committee this afternoon. Plumville precinct under the efficient management of Mr. George Moore and his splendid committee today reports the sale of a total of \$8,150 worth of notes and the quota of that precinct was placed at \$5,000 by the County Committee.

Washington, which precinct has stood nobly by the government in all previous loans and which is proud of its war record, was the second precinct to report over the top today. With a quota of \$50,000. Chairman Elmer G. Downing reports a total of \$70,450 sold in this precinct. Germantown, which is partly in Bracken and partly in Mason county reports their quota passed although some of the sales were made through Bracken county banks but Mason will get credit for this precinct. Dr. J. C. Browning, was the hustling chairman in this precinct.

Secretary Ball has awarded these three chairmen German helmets. There have now been five of the seven captured German helmets awarded. There are but two left and precinct chairman should get busy to win these.

The report for the day in the various precincts follows:

City of Maysville	\$150,850
Mayslick	19,100
Washington	70,850
Lewisburg	15,100
Helena	9,350
Fern Leaf	1,300
Hill Top	3,000
Plumtown	150
Germantown	5,000
Minerva	2,000
Dover	9,050
Sardis	100
Orangeburg	5,500
Dieterich	1,000
Murphysville	1,350
Plumville	8,150
Non-resident	14,300

Total sales to date.....\$316,150

Mr. Edward Johnson of German-town, was a visitor in the city today.

MAYSVILLE HOLDS RECORD AS SECOND MARKET IN STATE

Figures Show Maysville Tobacco Market a Good Second to Lexington Leading All Other By Millions of Pounds.

A total of 327,282,032 pounds of tobacco was sold during the past season on all the tobacco selling markets selling burley tobacco as against 247,986,288 pounds sold for the season 1917-1918, which shows an increase for the past season of fully thirty-three and one-third per cent.

The Lexington tobacco market sold the largest number of pounds by selling 55,618,585, and Paris the record for the highest average—\$41.19. Maysville remains the second largest market in the state by running Lexington a good second and by leading the other markets by many millions of pounds.

This year Maysville has made the best record by far that she has ever yet made in the amount of tobacco sold.

The following is a report of some of the principal tobacco markets in this section:

Market	Pounds	Average
Lexington	55,618,585	\$38.46
Paris	12,082,365	41.19
Carlisle	9,822,280	37.35
Maysville	30,038,470	32.00
Flemingsburg	5,182,335	36.39
Mt. Sterling	8,487,780	33.32
Winchester	1,291,720	33.64
Cynthiana	12,575,410	35.30

NO INFORMATION HERE ABOUT LEWIS HARRIS' EXECUTION

It is learned from an unofficial source that June 6th has been selected as the date for execution of Lewis Harris, Mason county negro now in the local jail condemned to die for the murder of his wife. The officials have absolutely no information on the matter and as yet Harris has not been ordered transferred from the local jail to the death chamber at Eddyville Penitentiary.

EPWORTH LEAGUE MEETING

The monthly business and social meeting of the Epworth League of the Third Street M. E. Church will be held this evening at the church. The election of officers will take place. Members and friends invited.

JEWISH RELIEF

The following is an additional list of contributors to the Jewish Relief Fund in Mason county: Mrs. Louise Hechinger \$50, Mrs. Mary Geisel \$5, Misses Heiser \$2, Tim Buckley \$1.

TANKS WILL ARRIVE HERE TONIGHT; FLIERS ARE AGAIN DELAYED

Chairman Kehoe Goes to Newport to Investigate and Phones Back That Program Will Be Carried Out Thursday—Airships Again Delayed 24 Hours—Coming Monday.

Chairman James N. Kehoe, of the Mason County Victory Loan committee, went to Newport yesterday to investigate the delay of the army tanks and to learn for certain whether or not the tanks would be in Maysville for Thursday. He telephoned back this morning to Secretary W. W. Ball, Jr., that the tanks would arrive in Maysville tonight and that the program would be carried out Thursday as at first scheduled.

The returned soldiers will be here in large numbers and a great parade is expected through the business section and to Beechwood Park where the tanks will perform. The parade will form at the C. & O. depot at 1 o'clock Thursday afternoon and move East on Second street accompanied by the Rubin & Cherry Band.

While there were many people in Maysville today attracted here by the announced appearance of the tanks and the big parade, these folks are expected to come back tomorrow and others are also expected. There is no reason why all of the program will not be carried out in detail as at first announced and all who can possible be here should make special arrangements to see the great demonstration. It will be something they will remember for some time to come.

A telegram was received this afternoon from the airship crew which is at Portsmouth, Ohio, informing the local committee that because of weather conditions such that the ships could not fly, the schedule had been delayed another 24 hours and now the airships will not arrive here until on Monday. It is hoped that nothing will interfere with this schedule for there will be many people here Monday on account of it being court day.

LAND SOLD AT THE COURT HOUSE DOOR

Master Commissioner A. G. Sulser this afternoon sold the Mrs. Frances Shafer farm in the Orangeburg neighborhood at the Court House door to Albert R. Sims. The farm consists of 37 acres and was sold for \$78 per acre.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

EFFICIENCY OF KHAKI

Probably there has not been much doubt about the ability and efficiency of the returning soldiers. If there has been it has been nourished under cover and not expressed openly by those who employ men. We should dislike to believe there is such a doubt and that it operates against the chances of the returning soldier in his quest for a job.

Yet, if there ever was such a doubt we now take the greatest satisfaction in reporting and emphasizing its falseness. An employer whose name is withheld had produced statistics, based on a survey of one month, showing that 64 per cent of the 200 returned soldiers have shown increased efficiency ranging up to 50 per cent of their former usefulness.

This is a gratifying result of a painstaking investigation. It should have the immediate effect of reassuring all employers of men as to the ability of soldiers. Employers may take it for granted that military discipline endows the soldier with a regard for diligence, punctuality, and character. It is a fine approval of the democratic army and the methods by which it molds manhood.

We believe that employers generally may take this survey as a guide for their future operations. They may feel sure of the ability of the soldier. Instead of returning to civilian life discouraged and dissatisfied he is returning with a keen desire to make his peacetime occupation as important as were his military duties.

The Prince of Wales is the first of his title to see war service since the invention of firearms. And having to pack all the war lust of his ancestors without outside help he wants to get married.—Knoxville Journal.

Tired, Nervous Women What You Need is Vinol

The reason we recommend Vinol so strongly for such conditions is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates, the very elements needed to build up a run-down system and replace weakness with strength.

HERE IS PROOF

Glasgow, Ky.

"I was suffering from a nervous breakdown—loss of flesh and poor appetite so I could hardly drag around and do the work for my family. My doctor prescribed Vinol. It not only made me well and strong but I have gained in weight."—Mrs. S. M. Gray.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Vinol Creates Strength

John C. Pecor Drug Co., J. Jas. Wood & Son, Druggists.

Points in the Moline's Favor

There are many points in the MOLINE'S favor when the question of what Farm Tractor to buy comes up. To put them all in print would make a long, long story—but to make a long story short—

POINT 1—The MOLINE is the ONLY tractor with electric lights and self-starter. You don't have to quit important plowing or other work just because the sun goes down. Just turn on the lights and keep right on. The MOLINE will work 24 hours a day for you. Never mind the weather. If it rains on Monday, you can do 2 days' work on Tuesday to make up for it.

POINT 2—The MOLINE is the ONLY tractor that cultivates the seed in the soil.

POINT 3—The MOLINE is the ONLY tractor that reverses and goes around a stump or rock. You drive the MOLINE same as an automobile. Drive backward as well as forward.

POINT 4—The MOLINE is the ONLY tractor that cultivates two rows at a time.

POINT 5—The MOLINE is the ONLY tractor that can be turned around in a 16-foot circle and can be put in a small-sized shed.

POINT 6—The MOLINE is the ONLY tractor that has a device to lock the differential and give perfect traction in soft ground.

POINT 7—The MOLINE is the ONLY tractor that will start and finish a field without a horse.

There are SEVEN points—"one for every day in the week." For more "points" or a demonstration, phone, see or write

A SCHEME FOR RAISING REVENUE TO BUILD ROADS

By Rodman Wiley)

Mr. James M. Weathers, Cashier of the Farmers & Merchants Bank at Elkhart, Ky., has mapped out a system of roads for Todd county and he proposes to get one thousand men of the county to agree to donate \$100 per year for a sufficient year to build the proposed system.

\$100,000 would be available each year from his plan in addition to the regular county road fund.

He states that he has laid the matter before three hundred men and every one has agreed to it and the success of the scheme seems assured.

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time. Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Henry S. Gallenstein, blacksmith, 424 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 9, 1912.)

RESULTS THAT REMAIN

Over four years later, on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BUILDING ACTIVITY INCREASES GREATLY

Permits for March Reported to Department of Labor Show Gains Over Previous Month.

One billion two hundred and fifty million dollars in public and private bond issues are reported to the Division of Public Works and Construction Development as having been passed, and the total permits granted for March are in excess of \$125,000,000, which is the highest figures for the month for the past five years, excepting 1917, which was owing to the Government work for war purposes.

The public confidence in the country's prosperity is reflected by the continued improvement of retail trade in general and the reduction in unemployed labor.

With a desire to stimulate further activity in building and construction work, a popular movement by industry itself in conjunction with the Government Departments, known as a National Prosperity Campaign, of which several prominent industrial firms of this city are associated. Through trade and business papers, together with daily press and cartoon service, the doctrine of price stabilization and insurance will be spread broadcast throughout the country.

Appeals have been made to the Governors of states and mayors of cities

requesting a personal interest in building and highway construction, and suggestions to discuss the details that are vitally essential to further immediate activity.

With present price levels and wage scales accepted in general as permanent, it remains for industry itself to effect this adjustment so that production will insure a complete absorption of labor established on a mutual and co-operative basis that will maintain general prosperity throughout the country.

While true, there still exists a difficulty to fully sense the realization of the ultimate effect of present prices of building materials and labor as it applies to permanency, but neither have increased in proportion with other commodities or with the cost of living.

While true, there has been an increase in the cost of living and commodities of approximately 100 per cent since the beginning of war, the advance in construction costs on such work as does not require steel is but 48 per cent. There is no need to wait and halt construction, there is no need to wait for material decreases in price levels, and the slogan of the National Prosperity Campaign is: LET'S GO!

If there's a better coffee than Rookwood, we'd sell it, but there isn't so we sell "Rookwood". If you don't drink Rookwood you are certainly missing a great treat.

YOUR GROCER.

MARTIAL LAW IS DECLARED IN LINTON

Linton, Ind., April 29.—Martial law was declared in Linton today to prevent violence in connection with the efforts of the local Central Labor Union to deport eight strikebreaking "hello" girls of the Linton Telephone Exchange.

Soldiers and police patrolled the streets and dispersed crowds which collected on street corners. A company of militia came here from Terre Haute early today to take charge of the situation.

Under orders of Gov. Goodrich the town was given over to military authorities. No physical violence has been committed, but there was a brief demonstration last night following a mass meeting of citizens, called by the labor union.

The trouble started when eight telephone operators walked out last Thursday, demanding recognition of their union, increased wages and shorter working hours. Eight subs were imported from Indianapolis and the labor union arose in protest.

Frank Temple, general manager of the Central Union Telegraph Co., parent corporation of the Linton Co., was in the city today and was scheduled to meet with business men of Linton this afternoon in an effort to adjust the trouble. Adjutant General Smith was here in charge of the military forces.

BRUTAL HUN OFFICER AN AMERICAN

Erich Oswald Hans Maria von Stroheim—uhlan in Archduke Karl's Austrian regiment, member of the late Emperor Franz Joseph's life guards—makes his most recent appearance on the screen in the cost of "The Heart of Humanity," the thrilling multiple-reel production made under Allen Holubar's direction.

This "reformed" Austrian "soldat," famed for his superb representations of Teutonic culture on the screen, has the most graphic role of his histrionic career in "The Heart of Humanity," starring Dorothy Phillips.

Though his training and environment since boyhood have been those of the military serf of his imperial master, the natural reaction of his career in America has made of von Stroheim a staunch American. He was persuaded once again in "The Heart of Humanity" to typify the exponent of frightfulness, by the argument that he was performing, in effect, a patriotic service in delineating the cruel product of an autocratic system.

The result, as viewed in the forthcoming master-production, is said to be an unsurpassable picture of the product of the Central Powers' crucible of hate and destruction—a portrait of histrionic immortality and bearing an unforgettable moral.

"The Heart of Humanity" will come to the Pastime Theater Monday, Tuesday and Wednesday, May 5th, 6th and 7th.

STATE NATIONAL BANK

ON THE FARM
IN KENTUCKY

Washington Was Careful.
George Washington was a careful farmer who believed thoroughly in fertilizing his soil even though new land was almost to be had for the asking in his day. From the following entry in his diary in April, 1760, it is very evident that he was experimenting in various forms of fertilizers at that early date:

"Mixed my composts in a box with the apartments in the following manner, viz., No. 1 is three pecks of earth brought from below, the hill out of the 46 acre field without any mixture. In No. 2 is two pecks of sand earth and one of marl taken out of said field, which marl seemed a little inclined to sand. No. 3 two pecks of sandearth and one of river sand.

"4 has a peck of horse dung
"5 has mud taken out of creek
"6 has cow dung
"7 has marl from the gullies on the hillside which seemed to be purer than the other

"8 sheep dung
"9 has mud from gullies on the hillside which seems purer than the other.

"Clay got just below the garden.

"All mixed with the same quantity and sort of earth in the most effective manner by reducing the whole to a tolerable degree of fineness and rubbing them well together on a cloth. In each of the divisions were planted three grains of wheat, three grains of oats, and as many of barley, all of equal distance in rows a and of equal depth done by a machine made for the purpose. The wheat rows are next the numbered side, the oats in the middle, and the barley on the side next the upper side of the garden."

Country Has Rest Room
A recent letter from the county agent at Hartford, Ky., has the following to say about the unusual rest room which has been developed for the farmers' wives when they are in town:

"We have at last gotten our much needed rest room completed. We have for a regular matron one of the young ladies of the town who will welcome any of the ladies that come in from the country. The funds for this room were secured from the business men of the town, the ladies and the county court. As the Red Cross is using the rest room for headquarters it is, of course, helping to pay the bill."

Clubs Prosper
The boys and girls, who were members of agricultural clubs in 1918 under the supervision of the Extension Division of the College of Agriculture of Kentucky, bought and handled 2-170 hogs, 215 beef cattle, 62 dairy cattle and 878 sheep. Most of this stock was bought in the spring and the work feeding the animals or preparing them for fairs or the market was carried on until the autumn. As the major portion of the animals bought, especially the hogs, were pure bred the value of the work to the State was very great. The value to the children themselves is, of course, beyond estimate.

Get the Egg
"Don't figure why a black hen lays a white egg, but get the egg."

The cross roads oracle says: Carryin' water from the well out in the yard don't seem just right thing to do when the family owns an automobile, does it?

Notice to Contractors!

Sealed bids will be received at the office of the Clerk of Mason County at the Court House, Maysville, Ky., until 10 o'clock a. m., May 2, 1919, by the Fiscal Court of Mason County for the improvement of Maysville and Mt. Olivet road No. 78C1 from a point at the junction of the Lexington Pike to the Robertson County Line, a distance of approximately nine (9) miles.

The improvement will consist of shaping the road, constructing necessary drainage structures, excavation, grubbing and resurfacing with approximately six (6) inches of loose metal spread to nine (9) feet and feathered.

The work proposed to be done involves approximately:

3040.4 Cu. Yd. Excavation
4990.9 Cu. Yd. Borrow
364.75 100 Ft. Grader Work (both sides)

12054.0 Tons Crushed Stone
27695.0 Sq. Yd. Shaping and Scarifying.

789.19 Cu. Yd. Concrete—Class "A"
604.0 Cu. Yd. Concrete—Class "B"
6.61 Cu. Yd. Concrete—Class "D"

51087.0 Lbs. Reinforcing Steel
1280.0 Lin. Ft. 18" C. G. Pipe
184.0 Lin. Ft. 24" C. G. Pipe
36.0 Number Trees and Stumps
160.0 Lin. Ft. Hedge—removing

Bridges at Station 173 and Station 427 are included in the above estimate. These bridges comprise the following quantities but may not be built at this time:

143.5 Cu. Yd. Concrete—Class "A"
604.0 Cu. Yd. Concrete—Class "B"
6.61 Cu. Yd. Concrete—Class "D"

29346.0 Lbs. Reinforcing Steel
Bids will be accepted for the whole work or separate bids on Concrete Work and Culvert Pipe will be accepted.

Plans may be seen and instructions to bidder, specifications and forms of proposed work secured at the office of the County Clerk at Maysville, Ky., and at the office of the Department of Public Roads, Old Capitol Building, Frankfort, Ky.

A certified check payable to the Sheriff of Mason County equal in round numbers to 5% of the bid must accompany each proposal.

The right to reject any and all bids is reserved.

J. J. OWENS, County Clerk,
Mason County, Ky.

COMPLETE RIVER WORK IN 5 YEARS

The Cincinnati Post says: All government construction on the Ohio River should be completed within five years and Congress should appropriate money to push the work immediately, says Maj. Gen. William L. Sibert, formerly government engineer here.

"The time to build is now," he asserted while in Cincinnati late Tuesday. "Do the work even if the cost is to be higher than when conditions finally become readjusted. If sufficient money was available the preliminary construction of several dams could be undertaken at the same time, while the water stage is low."

BABY DEAD

Virginia, the 7 year old daughter of Mrs. Nora Ennis, of Bank street, died at her mother's home this afternoon after a long illness of tuberculosis.

FIRST MEETING OF LEAGUE OF NATIONS AT WASHINGTON

First Meeting of Great League is Schedule to Be Held in Washington City.

Paris, April 30.—It has been virtually decided that the first meeting of the League of Nations shall be held in Washington next October.

Plans are being formulated for the holding of this meeting, the initial gathering to be in the East room of the White House, under the presidency of President Wilson.

At yesterday's plenary session of the Peace Conference President Wilson moved for the appointment of a committee of nine members to arrange for the inauguration of the league, and this committee will begin its work today. Its task will include the formulation of permanent plans for the work of the league at Geneva and for an inaugural meeting in Washington. Meanwhile Lord Cecil and Colonel E. M. House and other representative men of various nations have discussed the holding of the meeting in Washington, and found general approval of the plan among the delegates, so that it has virtually been settled upon. It is said President Wilson doubtless would be asked to become the first president of the League.

SCHOOL TEACHERS

ELECTED TONIGHT

The regular monthly meeting of the City Board of Education will be held at the High School building this evening. This is the regular annual election night for school teachers. So far as is known there will be very few changes. It is understood that Prof. J. W. Young, director of the Maysville Band, will be elected teacher of music in the city schools.

Mr. Frank Jones of the M. C. Russell Co., is confined to his home in East Fourth street on account of sickness.

STRONGEST LYCEUM COURSE MAYSVILLE HAS HAD SECURED

Kryl, Famous Band Master, Ople Reed, "Strick" Gilliland and Bertha Farmer are Headliners for New Course.

One of the strongest lyceum courses ever offered to the people of Maysville and vicinity was selected by the Lyceum Committee of the Maysville Board of Education in a meeting held Tuesday evening at the High School building.

In order to get the strongest possible numbers, the committee was compelled to select talent from two bureaus—The Redpath and the Colt-Alber—but they certainly selected those numbers which will appeal to the people of this section and it is certain that the sale of season tickets will exceed anything in the past.

The exact dates for the various entertainments and lectures have not yet been selected but the course will open during the last week in October with the Bertha Farmer Company. Bertha Farmer, who heads this company, is one of the country's most famous grand opera singers and she will be assisted by four artists from the Cincinnati Symphony orchestra.

The other numbers on the course will be Kryl's Orchestral Sextette headed by Boumir Kryl, the famous Bohemian Band director. Kryl is no stranger in these parts, having been here on the Chautauqua course with his famous band. He is undoubtedly the most popular band master ever appearing in Maysville and the announcement that he will be here with six of his best musicians will attract many to the course.

Ople Reed, the famous novelist, will also deliver a lecture. He has been heard here and those who have not heard him have read some of his delightful novels. He will attract many. Probably the biggest thing on the entire program is Strickland Gilliland, the world's most famous funny man. Gilliland is the author of "Off Again, On Again" and other just as popular jingles. He was heard here on Chautauqua and made the hit of the season. His coming back to Maysville next winter will be looked forward to by the people.

Alton Packard, lecturing cartoonist, will also be one of the numbers. He is a favorite with Maysville people. In fact, a favorite wherever he goes. His pictures, songs and bright sayings stay with his hearers for months. Davis, Colt-Alber's greatest magician, will furnish the weird and unusual part of the entire program, with his company of assisting artists and The McCords, a family of entertainers will give the lyceum an evening of high class entertainment.

The committee has decided to sell season tickets for all of the seven numbers this year at \$2.50 and there will be no extra charge of reserved seats. Holders of season tickets will be entitled to reserved seats for each number on the program.

Those who realize the quality of this program will be anxious today to purchase a season ticket right away. Any number on the program is worth the entire price of the season ticket.

PROF. ADAMS HAS AUTHORIZED NO STATEMENT

Prof. John Hurst Adams, principal of the Minerva High School, was in the city today and when asked about Tom Cromwell's statement in the Cincinnati Enquirer Sunday to the effect that he would be a probable candidate for the Democratic nomination for Representative from this county, Prof. Adams said he had as yet authorized no announcement of his candidacy and had not fully made up his mind in the matter.

LAST WEEK OF COURT

This is the last week of the Mason Circuit Court for the March term. There is very little business yet to be attended to by the court and it is expected that a final adjournment will be reached shortly after the report of the present Grand Jury.

POLICE COURT

In the local Police Court this afternoon Lyman Green entered a plea of guilty to a charge of being drunk and was fined \$7 which he paid and he was released.

WAR TAX GOES ON SODA FOUNTAIN DRINKS THURSDAY

Government Issues Bulletin on Drinks Taxable and Non-taxable—Goes Into Effect Thursday.

Washington, April 30.—Sodawater, ice cream, sundae, root beer and all other soda fountain drinks become taxable Thursday under the revenue act. Five and ten-cent drinks or dishes will be taxed one cent, while fifteen or twenty-cent drinks will be taxed two cents, and the taxes will be collected from the purchaser, unless the soda fountain keeper chooses to reduce his prices to include the extra tax item.

The question of when drinks are taxable and when they may not be taxable, and the precise methods of collecting the tax, were discussed at length in a statement issued yesterday by the Internal Revenue Bureau for guidance of proprietors and patrons of soda fountains.

These examples were given of taxable drinks when mixed and sold at the fountain for consumption on the premises:

Orangeade, lemonade, pineapple juice, coca-cola, root beer, moxie, phosphates, fruit and flavouring syrups, mixed with carbonated water or plain water, milk shakes, malted shakes, cream and egg shakes, ice cream, ice cream sodas, sundaes, ice cream sandwiches, flavored ices.

Other drinks are not taxable. Local soda fountains will require the customers to pay the extra tax.

G. O. P. CONFERENCE TO DECIDE OFFICIAL ATTITUDE ON LEAGUE

Washington, April 30.—Telegrams were sent to all Republican senators yesterday by Senator Lodge, of Massachusetts, floor leader, and Senator Curtis, of Kansas, whip, asking that public expression of opinion upon the League of Nations covenant be withheld until a Republican conference could decide on what attitude should be adopted.

The message follows: "We suggest that Republican senators reserve final expressions of opinion respecting the amended league covenant until the latest draft has been carefully studied and until there has been an opportunity for conference."

It was understood that no date has been fixed for the conference. Senator Lodge and other Republican leaders, it was stated, have no intention of summoning Republican senators to Washington immediately. The Republicans will be urged to give the revised draft of the covenant careful study preparatory to a conference a few days before the Senate meets. It was considered probable that various senators now here would hold informal conference meanwhile with the Massachusetts senator.

THE JOY OF MOTHERHOOD

Mrs. Phillips Sends an Encouraging Letter to Expectant Mothers.

West Philadelphia, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for five months before my baby was born and it has made me much better in health. I was always very ill when my other children were born, but with this one I had a much easier time. He is a big healthy boy now, three years old, and I believe it was Lydia E. Pinkham's Vegetable Compound that made me so well. It is certainly a good medicine for every woman. I cannot say too much in its favor, and you may publish my testimonial."—Mrs. W. Phillips, 5430 Kingsessing Avenue, West Philadelphia, Pa.

The reason that thousands of women from all parts of the country write such letters is that this famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has brought health and happiness into their lives, once burdened with pain and illness.

For special advice in regard to such ailments write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its many years experience is at your service.
